The Organizing Committee of the 1st IFMBE Latin American Conference on Digital Health (CLASD 2024) cordially invites researchers, academics, scientists, and professionals in the field to submit their research papers. This event, the first Latin American conference co-sponsored by the International Federation for Medical and Biological Engineering, is a key platform to promote advances in the development of Digital Health in Latin America, integrate major scientific areas to enable precision medicine, discuss discoveries and capabilities of new information and communication technologies. The conference will be held concurrently with the CLAIB 2024 conference

Congress Thematic Areas

- Medical Devices, Medical Imaging, and Biosignal Processing
- Advanced Applications in Digital Health
- Biomedical Informatics
- Cybersecurity and Health
- Information Management and Analysis of Biomedical Data
- Intelligent Systems for Diagnostic Support and Big Data
- Telemedicine
- Integrated Health Care and Attention Systems
- Personalized Health Systems
- Tools for Managing Preventive and Multimorbid Diseases
- Patient Safety and Efficient Public Health
- Biomedical Translational Systems
- Research Education in Biomedical Informatics and Technology

Submission Guidelines:

- It is a mandatory requirement to register for the congress before submitting the camera ready papers
- Papers must be original and not previously published.
- Articles should be written in English and follow the format of the official congress template.
- Submission through the EquinOCS platform.
- Peer review by the Scientific Committee of CLASD2024..
- Deadline for full paper submission: **April 8, 2024.**
